EXCITING INCIDENT.—During the performance of Thayer & Noyes' circus at Fall's field, recently, the following sensation occurred: the entertainment passed off to the entire satisfaction of the spectators, and as a crowning act, the large cage containing two lions and two lionesses was drawn into the ring, when Charles White, the keeper, entered it to exhibit his control over the ferocious beasts. All proceeded well for a time, but at length one of the lions began to be fractious and disobedient, whereupon Mr. White struck him two or three blows with a whip. Suddenly the animal made a spring and seized Mr. White by the shoulder with his teeth, shaking him as a dog would a cat, and finally throwing him on his back upon the floor of the cage. A thrill of horror passed through the assemblage of spectators. Ladies screamed and fainted; many people hastened to leave the establishment; some with terror-blanching countenances awaited in silence the result; and others rushed into the ring vaguely and vainly hoping to rescue the adventurous lion tamer from the fate which apparently awaited him. Meanwhile Mr. White coolly awaited the issue. He was helpless for the moment, the lion, with both forepaws upon his breast, holding him down and retaining his shoulder within those terrible jaws. The angry growls of the ferocious beast were frightful and he was evidently determined to make the most of his opportunity. Mr. Noyes seized an iron bar and dashed the end of it against the lion's head with such force that the animal was surprised into relaxing his hold. In an instant Mr. White regained his feet, and his control over the occupants of the cage. With a few well directed blows of his whip he reasserted his supremacy, and the recently victorious king of beasts was reduced to submission. Mr. White was terribly injured, the teeth of the lion having penetrated his shoulder deeply and lacerated the flesh in a shocking manner, besides crushing the bones so as to render the left arm almost useless. Despite his sufferings and the obvious ill-will of the lion, he proceeded with the performance to the end, and concluded by feeding them a quantity of raw beef, handing the meat in pieces to each animal in turn. He then quietly left the cage, and not until then was any one made aware of the serious character of his hurt. He now lies in a critical condition.

WOODEN PUTNERS are not manufactured to any extent in Massachusetts, but shoe-makers in that State do make leather boots and shoes partially of straw boards. In goods intended for the Western and Southern trade, this article supplies "counters," and sometimes "uppers." One firm in Boston holds the agency of seventy straw board mills, and its sales amount to eight hundred or one thousand tons per year.

STAGE MISHAP.—A veteran actor while playing "Co.onel Damas," in Bulwer's *Lady of Lyons* at the Boston Museum, a few years since, and boasting of his bachelorship in his bluff and hearty manner, asked, as usual, "Do I look like a married man?" but added, "My business is to make wives, not widows!"

POINTED.—At a fancy dress ball in Paris recently a lady was seen in a very low-bodied dress, while floating and waving an abundance of green gauze. She was politely asked by a gentleman what she personated. "The sea, Monsieur." At low tide, then, madame? The lady blushed and the gentleman smiled.

THE difference between a gambler and a theatrical critic is, that one is a player at poker, and the other a poker at players. —Exchange.

We suppose that to be a fling at the Sacramento Union, which combines both professions, excelling alike in each.—Record.

Two hundred years ago a Scotch emigrant carried to Canada a thistle. Intentionally or otherwise planted in his garden, its seeds took root in his neighbor's soil, and to-day it is the pest of the provinces, depreciating the value of real estate from thirty to fifty per cent.

THE lady managers of a strawberry festival in Cincinnati, recently, flavored the ice cream with pargorie, for the double purpose of preventing excessive eating and consequent injurious effects. The scene that ensued is described as decidedly curious.

A MAN in Boston, while being shaved, recently, jumped from the chair to stop his horse, which, being left at the door, suddenly started, and the barber's razor nearly and expeditiously severed his nose from his face.

THE merchants of Boston refuse to employ persons connected with base ball clubs, the sport having been carried to such an excess there as to render those who are engaged in it unfit for steady labor.

THE following political argument recently appeared in a Parkersburg (West Virginia) paper: "Vote for General Kams for Mayor, who was ten years old before he ever wore pants or shoes."

THE UNION PLATFORM. The Union Party of the State of California, in Convention assembled, hereby present to the people of this State their platform and declaration of party principles: Resolved, That in the present, as in the past, we are irreconcilably opposed to treason and to traitors, and shall have no compromise with those who would destroy the Union and control our Government by fraud and treachery from within, or force from without; and that upon the loyalty of the Nation, tried and proven, we rely to re-establish firmly and forever the bonds of our National Union. Resolved, That in reconstructing the nation its foundations should be justice and the law, and we are unwilling that those who have destroyed the Union should be chosen and preferred builders to erect it, and until it shall appear that in the States lately in rebellion local Committees exist capable and ready to administer justice and enforce law in accordance with the principles of a government of freedom and equality, it is our wish that the Government be administered and the law enforced by the loyal agents of the Federal Government. Resolved, That in the reconstruction plan of the late Congress we recognize a policy as wise as it is magnanimous, and which the respective States late in rebellion shall bring themselves within its provisions, we will welcome them as sisters and receive them as equals in a reconstruction Union. Resolved, That we deem the passage by the Legislature of a law establishing eight hours labor as a legal day's work, eminently just and proper. Resolved, That the importation of Chinese or any other people of the Mongolian race into the Pacific States or Territories, is in every respect injurious and degrading to American labor, by forcing it into unjust and ruinous competition, and as evil that should be restricted by legislation and abated by such legal and constitutional means as are in our power. Resolved, That the future primary elections of the Union party in this State should be held under the provisions of the primary election law, and that such test should be prescribed and enforced as shall exclude all persons not members of the Union party. Resolved, That we fully approve the amendment to the Constitution of the State, presented by the Legislature of 1865, and providing that the Legislature shall have no power to make an appropriation of money for any purpose whatever, for a period longer than two years; that the same should be accepted by the Legislature, adopted by the people and become part of the Constitution of the State.

RESOLUTIONS Adopted by the Union County Convention which met at Auburn, Placer county, on the 10th and 11th June, 1867: Resolved, That it is the duty of the loyal men in the United States, through their representatives in Congress, to take under their control the government of the late rebel States, until such time as a sufficient number of the people of the rebel States be found therein to organize governments; and that then the future control of said States should be left in the hands of their loyal citizens to the exclusion of the leaders of the late rebellion and of those who voluntarily gave them aid in the field.

Resolved, That we approve of the late Act of Congress for the reconstruction of the rebel States, and earnestly hope that at the coming session the large landed estates of the rebel States, and the personal influence and donated their means to destroy the Government, will be confiscated and divided up into small tracts and donated as homesteads to the soldiers who fought our battles, saved the Union and preserved our freedom.

Resolved, That the vital issue between the Union and Democratic parties is that of loyalty to the constitutional Government of the United States as opposed to disloyalty thereto; that the loyalty of the Union party has been abundantly manifested in the constant support of the Government in all its branches, while the disloyalty of the present Democratic party is as clearly manifest in the aid and comfort which during the late war it continually afforded to the public enemy, and in the sympathy which it still extends to the rebel States, and in its tendency to paralyze the efforts of Congress toward the healthy reconstruction of the Federal Union.

Resolved, That the Union party of the United States is the only party in favor of the Union, the Constitution and the laws, and the Democratic party is false and hollow, unfounded in fact, and disapproved by history.

Resolved, That the mission of the Union party is not and can never be accomplished until the opposing party thereto be entirely purged of its disloyal elements and eschewing its present heresies, shall in good faith determine to accept the great results of the late war, and thenceforth to take issue only upon questions upon which adverse opinions may be held or put in practice without jeopardizing the continuance of the republican government upon this continent. Until then it is our imperative duty to stand by our colors in the full knowledge that with us is union and liberty—against us only disunion and disaster.

Resolved, That in the present condition of our State finances, we are opposed to any donation in money or bonds or any loan of the credit of the State to railroads or other corporations, and that our candidates for Senator and Representatives if elected, are hereby instructed to oppose by their votes and personal influence the enactment of any laws having any such object in view.

Copy of the Report of the Committee of Awards at

the Fair of the

AMERICAN INSTITUTE

NEW YORK, 1865.

To the FLORENCE SEWING MACHINE CO. for

the Best Family Sewing Machine,

HIGHEST Premium! Gold MEDAL!

REASONS:

1st.—Its simplicity and great range of

work.

2d.—The Reversible Feed Motion.

3d.—The perfect finish and substantial

construction in which the Machine is

made.

4th.—The rapidity of its working and

the quality of the work done.

5th.—The self-adjusting Tension.

The Florence was awarded the first and highest

premium at the State Fair of California, the only

Fair on the Pacific coast at which any two double-

thread Sewing Machines were exhibited in competition

in 1865.

The Florence received the only premium awarded,

by the Mechanics' Institute of San Francisco, in

1864 and 1865, to any Sewing Machine, Sewing Ma-

chine Co., or Agent. The claim of a competitor to a

medal is without any foundation whatever.

Wherever the Florence has been brought in com-

petition with other Sewing Machines, it has al-

ways been declared the best. It is the most simple,

the most substantial, the most efficient, and its use

is easily learned. Every Machine sold is guaran-

teed in the full sense of the word.

THE PLAYERS.—The Betty Troupe played Griffith Gaunt at the theater last evening. A good house greeted them warmly, and went away well pleased. Mr. Mr. Beatty as "Gaunt," and Miss Julia Corcoran as "Kate Peyton"—in fact all did well. It is the opinion of many who were present, that they are the best company that ever appeared in our theater. Melville was encoined in his celebrated song of "The happiest fellow out," as was also Mrs. Beatty, who in her part of "Mercy Vint," sang a song sweetly. For a new actor, E. J. Buckley is one of unusual promise. To culture back to nature, with the "ars celare artem," is a work of time and hard drill. There is room for growth, and the members of the company seem in earnest to attain it. This evening, "The Long Strike," or "Factory life in Manchester," will be performed. It is said to be a very lively and stirring piece.

A GRAND SUCCESS.—Dr. Dozier last week reduced thirty-five pounds of rock sent by Dr. Harkness, of Sacramento, which came from the Owen's River mines, and obtained \$35 in silver, besides some gold. There is scarcely a doubt that at least 90 per cent. of the silver and gold can be saved by this process from the most refractory rock. The value of the discovery for this coast cannot be reckoned. Suffice it to say, that the most careful of men, after repeated trials, are freely satisfied to risk their money in giving it a test on a large and expensive scale.

INSTALLATION.—The following were installed as officers for the ensuing term of Hawkins Lodge, No. 216, I. O. of G. T., on Friday evening, August 9th, by H. J. Raynor, D. D. of Gold Run: C. T. Dozier, W. C. T.; Mrs. M. P. Benton, W. V. T.; A. R. Schively, W. S.; Miss M. F. Benton, W. T.; S. C. Pittman, W. E. S.; S. R. Kidder, W. M.; B. Bowen, W. C.; Miss S. A. Cooke, W. L. G.; I. T. Coffin, W. O. G.; Mrs. M. Crase, W. R. H. S.; Miss M. Williams, W. L. H. S.; W. H. Jones, P. W. C. T.; W. P. Thomas, W. A. S.; Miss E. A. Molter, W. D. M.

AGGRAVATED ASSAULT.—Mr. Fry, of Gold Run was set upon and terribly beaten by John Isaacs and a Spanish woman on Thursday. Judge Brown issued a warrant yesterday for their arrest. It seems there had been some dispute about some money which the woman charged Mr. Fry with molesting while doing some carpenter work in the room where it was hidden under the carpet. Afterwards the money was found by Isaacs, as he said buried under the house.

WHIPPED.—Tommy Chandler, the champion prize fighter was soundly whipped in the streets of San Francisco, a few days since, by a common "scrub," who had never been in training, and knew nothing of the "manly art" of self-defense as understood by the P. R. Chandler's flagellation is an astonisher to the sporting fraternity and shoulder hitters, and knocks all rules for prize fighting into a cocked hat.

BIOGRAPHY.—A New York paper states that Horace Greeley is about writing a history of his life to be published in Bonner's Ledger. Biographies of all great men and noted characters, are best written after death. The closing incidents of a public man's life has much to do with his history. The best biographical sketches of men have been written generations after they were dead.

NEW COMPANY.—A joint Stock Company has been formed in this place with a capital stock of \$100,000—one hundred shares of \$1,000 each, to test Dr. Dozier's process for reducing ores. The first furnace will probably be erected in the Owen's River region. The Doctor will soon visit that place, and the work is likely to be commenced at once.

BE CAREFUL.—The San Francisco Times says: "We understand that a 'staunch Republican' is preparing a truthful statement of the small and disheartened gathering of 'Gorhamites' which was held in front of the Orleans hotel, in Sacramento, on Monday night, for publication in the Bulletin. We hope he will be careful and not get 'Shasta' mixed up in his account."

AT THE CENTER.—The young standard bearer of the Union party is now in San Francisco, where he was received on his return with great applause. He will probably remain there till election day, and perhaps Haight, Fay and Fitch may hear of him and from him about the 5th or 6th of September.

TAXABLE PROPERTY.—The San Jose Mercury says the increase of taxable property in Santa Clara county this year will amount to one million of dollars more than last year's valuation.

EGYPT.—The Sentinel says Sutter county is the Egypt of California, on account of the large quantity of grain produced in it. That's true—and Egypt was overrun with locusts.—Ez.

THIS CELEBRATED INSTITUTE

has enjoyed on this coast an unintermitted success
of forty years, and has become one of the most
renowned Hospitals of the age. What the celebrated
Lock Hospital is to London, and the no less renowned
establishment of Blandin is to Paris, this Institute
has become to the Pacific Coast. The thousands
anually received and cured place it in point of
number of patients among the very first of the world
and the success of its treatment ranks it second to
none.

PRIVATE DISEASES IN MALES AND IRREGU-
LARITIES IN FEMALES are the great destroyers
of health. They immediately attack the system, and
gradually undermine and destroy it; they drive the
blood from the cheek, the lustre from the eye, the
strength from the frame; they give to the world weary
and diseased offspring, and poison, through suc-
cessive generations the race of man. The marks can
be seen in Scrofula, Consumption, Cripples, the
Idiot, the Paralytic, the Insane, etc.

There is no more terrible scourge to the human
race than those diseases arising from the contamina-
tion of Venereal Poison. The mildest forms, by
resisting to the blood, hold over the afflicted one,
but destruction that is liable at any moment to fail
and blight—to utterly destroy—all earthly hopes.

MERCURY, recognized as the most fatal medical
enemy to man, combining with the Venereal, dou-
bles its dangers. Those who have been treated with
that poisonous mineral poison are not cured; the
disease has only assumed a new form.

Do not be satisfied with partial cures

that leave the poison to crawl through the system,
eating its way into the tissues and organs beneath
the apparently smooth surface, to burst out in the
future with a violence that will have the effects of
medicine. WHEN PERFECT CURES can be obtained
by consulting a physician whose long practice
and thorough investigation into the causes of DIS-
EASES OF THE URINARY ORGANS enables to deter-
mine at once the nature of the disease.

In all cases entrusted to the Doctor's care, PER-
FECT, SPEEDY AND PERMANENT.

Cures are Always Guaranteed.

To syphilis and its adjuncts: Gonorreia and its
accompanying diseases; and all diseases of the Kid-
neys, Bladder, and Prostate; Seminal Weakness,
Disorders of the Heart and Lungs; Dyspepsia; In-

all diseases of the urinary tract. In all cases, cure
always warranted, NO PAY REQUIRED, at the

Seminal Weakness or Spermatorrhoea

The young man who experiences that growing
weakness in his muscular and mental organization
should stop to consider whence it arises. He will
find in the weakness of the back, the trembling of
the limbs, disordered digestion, unaccountable failing of
the powers of the mind, distaste for society, dread
of impending trouble, forebodings of evil, sleepless-
ness, troubled and lascivious dreams, accompanied
by growing debility, loss of muscular power, and
the numerous other symptoms of disorganization, the
positive traces of that most terrible and destructive
of all diseases Seminal Weakness—wasting away
his powers, destroying his hope of life and man-
hood, and dragging him along the broken path of
his existence towards a premature and loathsome
grave. To him who finds his life dripping out in the
discharge of the vital principle of existence in noc-
turnal and diurnal emissions, the mere cessation
of its appearance brings no assurance of relief.
Marriage, that often, the ignorant and hope-
ful man, brings to such an end no hope of cure,
but adds to his misery in the knowledge that the one
who looks to him for so much of his happiness, is
a victim to his evil, and an innocent companion of
his punishment. He adds to his misery and disorder
until hope leaves him. There is no rescue except
in proper and skillful treatment. Consult then, at
once, a physician whose long practice and careful
research has made thoroughly conversant with every
phase of the disease. Those who have become
the victims of solitary vice, thus, through fact fascinat-
ing and destructive habit, which fills thousands of
sickrooms with paralytics and consumptives, and
hundreds of untimely graves with its misguided vic-
tims, should consult, without a moment's delay, one
who will sympathize with their sufferings. To such
the Doctor would especially address himself, giving
to each and all assurance of a PERFECT and PER-
MANENT CURE, without hindrance to business,
change of diet, or fear of exposure.

Do not forget the address. See below.

Important to Females.

When a female is in trouble or afflicted with dis-
ease and requires medical or surgical aid, the en-
quiry should be, Where is there a physician who is
fully competent to administer relief, and whose
respectable standing in society recommends him to
the confidence of the community? The Doctor un-
derstanding how imperatively necessary these re-
quirements are, feels called upon to interpret, and
best the attention of the community to the fact that
there has been a Professor of Obstetrics and Female Dis-
eases for twenty years, and is fully qualified to ad-
minister in all cases, both medically and surgically,
not in a superficial manner, but in as thorough a
manner as years of study and practice—both in hos-
pitals and private families—can make, to save them
from the hands of the unqualified, unscrupulous
and designing. Therefore families can rely upon
him as upon a father. All in affliction can find in
him one who will feel and sympathize with and be-
lieve them in trouble one in whose society the most
timid confidence can be placed. Consultation by
letter or otherwise, FREE. See address below.

MEDICAL.
PRIVATE MEDICAL AID.
QUICK CURES AND MODERATE CHARGES.

DR. W. K. DOHERTY'S

Private Medical and Surgical Institute

Sacramento Street, below Montgomery, opposite the

Pacific Mail Steamship Company's Office. Private

entrance on Leidesdorff street, San Francisco.

Established expressly to afford the official sound and

scientific medical aid in the treatment and cure of

all Private and Chronic Diseases, cases of Se-
cretory and all Sexual Disorders.

TO THE AFFLICTED.

Dr. W. K. DOHERTY returns his sincere thanks to
his numerous patients for their patronage, and for the
continued confidence in his Institute for the cure
of chronic diseases of the Lungs, Liver, Kidneys,
Digestive and Genito-Urinary Organs, and all pri-
vate diseases, viz: Syphilis, in all its forms and
stages, Seminal Weakness, and all the horrid con-
sequences of self-abuse, Gonorrhoea, Gleet, Stric-
tures, Nocturnal and Diurnal emissions, Sexual
Disability, Disordered Vision, Back and Loins, In-
flammation of the Bladder and Kidneys, etc., etc., and
he hopes that his long experience and successful
practice will continue to ensure him a share of pub-
lic patronage. By the practice of many years in Eu-
rope and the United States, he is enabled to apply
the most efficient and successful remedies against
diseases of all kinds. He uses no mercury, charges
moderate, treats his patients in secret and honor-
able way, and has references from men of known
respectability and high standing in society. All
patients enter their treatment under his hand and
receive the best and gentlest treatment, and im-
plicit success.

Dr. Doherty would call attention to the follow-
ing certainties: that without success, until they
fully recovered their health, desire to make
known their remedial agent. It will be seen that
his patients are fully authenticated by a Notary
Public.

The welfare of society imperiously demand their
publicity and they are given more to warn the un-
happy than to gratify the curiosity of the public.
In conclusion, I would say to the many unfortun-
ates who require medical aid, if you have any
doubt as to whom you may employ, ask Dr. Doherty
in this city. My experience may save you many
dollars.

I would also add that in the early stage of my
disease, I was told by a long and experienced
physician, that I was incurable, and that I should
advised as an infallible cure for Gonorrhoea, Gleet,
etc., but never derived any benefit from them.

I am, Doctor, very truly yours,
JAMES J. JOHNSON.

San Francisco, June 16, 1864.

Subscribed and sworn to before me, this 21st day
of June, A. D. 1864.

Seminal Weakness—A Sworn to Certificate of a
most Remarkable Cure of Spermatorrhoea.

A desire to benefit humanity, and a feeling of
gratitude to Dr. W. K. Doherty, whose Institute I
made this statement. For many years I have
been afflicted with that fearful disease known as
"Spermatorrhoea," or Seminal Weakness, the result
of self-abuse, but till 1852 experienced but little
trouble or inconvenience. In that year however, I
had Seminal Weakness to an alarming extent,
which was soon followed by a most alarming
discharge of the seminal fluid, and the most alarm-
ing symptoms as weakness of the back and limbs, pain
in the head, dimness of vision, nervousness and
general debility. My mind, too, was affected to
such an extent as to seriously impair my mental
powers. My ideas were confused and spirits depressed. I
was averse to society, had evil forebodings and self-
doubt, and was utterly unable to perform any of the
duties of life. From 1852 to the summer of 1853,
I employed the very best medical talent I could find,
and spent several hundred dollars, but in no in-
stance obtained temporary relief. I had an interview
with Dr. Doherty at his office, in Sacramento street, and
his fee for treatment was so reasonable, I deter-
mined to try him. I did so, and I am now enabled to
benefit from his treatment. On the 5th of Decem-
ber last I placed myself under his care; in one week
I found myself very much improved, and, now,
after five weeks' treatment, I feel as if I had been
cured of all my troubles and in the enjoyment of
the best health. Hoping that my experience may be
of benefit to others similarly afflicted, I sub-
scribe myself

Subscribed and sworn to before me, this 15th day
of January, A. D. 1864.

A. G. RANDALL, Notary Public.

When a female is in trouble or afflicted with dis-
eases as weakness of the back and limbs, pain in
the head, dimness of sight, loss of muscular power,
palpitation of the heart, irritability, nervousness,
extreme urinary difficulties, derangement of diges-
tive functions, general debility, vaginitis, all dis-
orders of the womb, hysteria, sterility, and all other
diseases peculiar to females, they should go with
once to the celebrated female Doctor, W. K. Doherty,
at his Medical Institute, and consult him about
their troubles. He will receive every possible re-
lief, and he will cure them. He is effecting
more cures than any other physician in the State.
No false delicacy prevent your
applying immediately and save yourself from
painful suffering and premature death. All un-
married Ladies whose delicate health or other cir-
cumstances prevent an increase in their families should
consult or call at Dr. W. K. Doherty's Medical In-
stitute, and they will receive every possible re-
lief, and help. The Doctor's offices are so arranged
that he can be consulted without fear of observation.

To Correspondents.

Patients residing in any part of the State, how-
ever distant, who may desire medical advice on their re-
spective cases, and who think proper to submit a
written statement of such in preference to holding
a personal interview, are assured that their com-
munications will be held most sacred. Dr. Doherty
takes this opportunity of observing, that all letters
are only opened and replied to by himself, and that
later as promptly as possible.

If the case be fully and candidly described, per-
sonal communication will be superseded, as in-
structions for diet, regimen, and the general treat-
ment of the case (including the remedial agent) will be
forwarded without delay, and in such a manner as to
convey no purport of the letter or parcel so trans-
mitted. Consultation at the office free. Perma-
nent cure guaranteed or no pay. Address,

W. K. DOHERTY, M. D.,

HOPE FOR THE AFFLICTED.—In another part of
this paper will be found the advertisement of the
celebrated Institute established by Dr. J. C.
Young, in 1850. In this age of deceit and char-
latanism, it is a boon to the suffering to point out to
them where they are sure of obtaining the wished
for relief and cure. Under the care of the skill-
ful Doctor the sick and troubled can divest them-
selves of their burdens of pain; lay aside their
cross, and secure health and happiness. If you are
sick or in trouble, do not hesitate, Read the ad-
vertisement and follow the advice. Do not forget
the number or the manner of directing your letters.

Francisco.

MEDICAL ADVICE.—Dr. W. K. DOHERTY'S Medi-
cal and Surgical Institute is becoming a sine quo
non to the welfare of our State and health of our
citizens; and his rapidly spreading reputation, al-
though it may excite surprise, is but the signal of
skill, and follows as the natural result of such a cause.
We are personally acquainted with gentlemen who
had suffered for years under chronic diseases, and
had taken advantage of every available means
that promised relief, but without success, until they
called upon Dr. Doherty, who, in an incredibly short
space of time, has given them entire relief. It is
a gratifying fact, because the Dr. is
a gentleman who seeks, not by deception or flattery
to establish his reputation or gain of another name.
The Doctor conducts his own Institute in such a
manner as to be gratifying to all his patients. He
examines, advises, and recommends without charge,
and the patient, after hearing his terms for treat-
ment, can accept or reject at pleasure. In no case
does the Doctor make a charge unless he effects a
cure. This he is able to do, because he feels the
confidence which long experience has given, and al-
though the consultation which appears to that con-
fidence. Persons afflicted with either acute or chronic
disease, would do well to consult the Doctor;
at all events, it can do no harm, as for consultation
he makes no charge, unless he is satisfied with his
advice until the patient places himself under his
care. His offices are on Sacramento street,
opposite the Pacific Mail Steamship office.—News.

SPECIAL MEDICAL NOTICE.—Dr. CHAS. H. TOZER
would most respectfully inform the sick and afflicted
that his Medical Institute is at the same place,
corner of Kearny and Jackson streets, San Francisco,
where he has been established for many years, for
the cure of special complaints. Having relinquished
his old mode of advertising, which has become
so common with all the Quack Doctors of San
Francisco, filling up the newspapers with false
references, for the purpose of imposing upon stran-
gers, I think it is only necessary to inform those
in need of a Physician of long experience and suc-
cessful practice, that I can be consulted at all busi-
ness hours, at my Medical Institute, corner of Kearny
and Jackson streets, San Francisco.

Ladies suffering from the Whites, Piles, Weak-
ness of the Back, Pain in the Side, Headache,
Palpitation of the Heart, Derangement of their Men-
